PART TWO: IN-SHOW COMPETITION INFORMATION

OBJECTIVES

- The Show competitions provide the opportunity for students from throughout the State to participate in an open competition against other exhibitors at the Perth Royal Show. The objective is to encourage entries in all aspects of competition on the Showground. There will be no conditions which cater especially for students. They will be competing as any ordinary competitor. It is envisaged that this general involvement across all Show sections will further their education in rural pursuits and encourage future participation in Show activities as responsible members of the rural community.
- It is hoped that as a result of competing in events at the Perth Royal Show, students will learn to appreciate a broader perspective of their chosen subject. Equally important, they will also develop comradeship and the sportsmanlike aspects of competing, winning and losing, as well as demonstrating these feelings amongst fellow students and competitors.

AWARD OF POINTS
