

GOATS AND MOHAIR FLEECES COMPETITION

2025 PERTH ROYAL SHOW SCHEDULE

ROYAL
AGRICULTURAL
SOCIETY
of WA

“TO ENCOURAGE EXHIBITORS TO COMPETE WITH THE HIGHEST QUALITY EXHIBITS AND REWARD EXCELLENCE IN BREEDING.”

The Australian Dairy Goat industry is well placed to satisfy the increasing consumer demand for alternatives to cows' milk products. As well, the industry supports a high-quality export market for stud dairy goats. Interestingly worldwide

people consume more goats milk than cow's milk. Nine breeds compete at the Perth Royal Show: Anglo Nubian, Australian Melaan, Australian Brown, Australian Alpine, British Alpine, Lamancha, Nigerian Dwarf, Saanen, Toggenburg.

FLEECE CLASSES

1. RESTRICTIONS OF ENTRIES

All mohair must be grown in Western Australia. Exhibitors are limited to three (3) entries per class and RASWA reserves the right to further restrict entries to two (2) per class, after entries close, if found necessary because of lack of accommodation.

All fleeces must be unwashed and skirted to the satisfaction of the Judge. The fleeces must be delivered in an unmarked cardboard box or paper bag. No identification of the owner is permitted to be printed on or placed within the packaging of the submitted mohair fleece(s). Submitted mohair fleeces may only be accompanied by the official RASWA entry form.

Mohair fleeces will be anonymised prior to fleece sample analysis and presentation to judges and will be identified only by a number for the purposes of judging.

Mohair fleeces entered into a class which is different to the fleece analysis results will be placed in the class appropriate to those results, without penalty.

Placings and ribbons will only be awarded where exhibits are deemed by the judge to have met the standard typically required for that placing. If, in

the opinion of the judge, the quality of an exhibit does not meet the necessary standard, a ribbon may be withheld, regardless of the number of entries in the class. All exhibits will be judged on the scale of points shown on the judging card and score cards will be attached to each exhibit after judging.

2. EXHIBIT DELIVERIES

All fleeces must be delivered to the Royal Agricultural Society of WA (Claremont Showgrounds) by 5pm on Friday 23 August 2025. Please arrange a date and time for deliveries with Michaela Crosby (Competition Supervisor) at michaela.crosby@raswa.org.au or call 6263 3157.

3. EXHIBIT COLLECTION

From Sunday 5 October 2025 or at the discretion of RASWA

4. SCORING AND JUDGING

All fleece testing will be conducted by an independent laboratory as determined by RASWA.

Each judge is given a scorecard and the fleece analysis results, and will assign scores based on both objective and subjective characteristics, with a maximum possible score of 100.

Each fleece will receive comments from the Judge regarding its characteristics and test results and will be displayed with its scorecard and fleece analysis results after judging for the duration of the Perth Royal Show.

MOHAIR FLEECE CLASSES (CLASSES 89-94)

Classes are defined in terms of Fine Kid, Kid, Strong Kid, Young Goat or Fine Hair fleece types although it does not matter what age the animal was when shorn and fineness is of limited importance so long as the fleece falls into that description. Fleeces can be reclassified if they don't fit the description.

Fleeces should be well skirted with no stains, short edges or cotts present. There should be no vegetable matter present in the fleeces.

Mohair fleeces will be judged using the characteristics below:

- Clean Fibre Content (Weight of Fibre) 20
- Firmness and Handle 20
- Trueness to Type (Uniformity of Fleece Attributes) 15
- Character and Style 15
- Lusture (Degree of Brightness) 10
- Freedom of Medullation 10
- Length (Uniformity) 10

Total 100

Fleeces should be allocated using the following micron scale:

- FINE KID Below 25
- KID 25 to 27.9
- STRONG KID 28 to 30.9
- YOUNG GOAT 31 to 33.9
- FINE HAIR 34 and above

MOHAIR FLEECE CLASSES (CLASSES 95 - 102)

Mohair fleeces must be skirted to the standard of commercial presentation ie little to no stain, minimal presence of vegetable matter, no dags, minimal matted fleece and must weigh between 1-2kg per entry.

The same mohair fleece may be entered in both hand spinning and top making classes of the same micron category.

Fleeces should be allocated using the following micron scale:

- 1ST SHEAR up to 18
- FINE 18.1 to 24
- MEDIUM 24.1 to 30
- STRONG 30.1 and above.

Each fleece will be allocated a per kg price (commercial value) corresponding to the total score awarded for each of the objective and subjective characteristics. The per kg fleece price (commercial value) reflects the total score awarded and placings are therefore determined accordingly.

The score and per kg price are included on the scorecard.

Each fleece will receive comments from the judge regarding its characteristics and commercial value and will be displayed with its scorecard and fleece analysis results after judging for the duration of the Perth Royal Show.

*Mohair fleeces will be judged according to the objective and subjective criteria below:

- Staple length 10
- Fibre diameter 10
- Standard deviation and coefficient of variation 10
- Curvature 5
- Spinning fineness 5
- Comfort factor 5
- Yield 10
- Staple structure (lustre; softness; nourishment; coiling) 20
- Absence of vegetable matter 5
- Absence of stain 5
- Absence of coloured*, kemp, and/or medullated fibre 5
- Fleece consistency (alignment, density and consistent length of fibres) 10';

Total 100

**Mohair entered in the coloured mohair category will be judged favourably by the quantity and presence of natural colour.*
